

<p>WP2.1 Themes Categories</p> <p>How Data capture from academics; review of existing packages</p> <p>Output Categories for which feedback is required Fit categories to UK LOM metadata standards</p> <p>Quality test EDLT consensus and UK LOM Core 0.1</p> <p>Inputs to WP2.2 Themes spec.</p>	<p>WP3.1 Establish groups</p> <p>How Define aims and objectives of user groups, define composition of groups Identify participants</p> <p>Output Group(s) of learners and teachers to provide feedback on content and presentation of SHELL-FISH usability</p> <p>Quality test Establishment of groups</p> <p>Inputs to WPS 3.2.1, 3.2.2, 3.3, 3.4, 3.5, 3.6</p>	<p>WP4.1 Create wireframes</p> <p>How Present a variety of example page layouts</p> <p>Output Example page layouts</p> <p>Quality test none</p> <p>Inputs to WP3.2.1 Learner interfaces preferences WP3.2.2 Teacher Interfaces preferences</p>	<p>WP5.1 Agree portal data specs</p> <p>How Siting of link(s) on SHELL interface to SHELL-FISH. Siting of link on UoP student portal.</p> <p>Output Link from SHELL; link from UoP student portal</p> <p>Quality test none</p> <p>Inputs to WP4.4.3 Database specification: user record????????????</p>
<p>WP2.2 Themes specification</p> <p>How Data capture from academics; review of existing packages</p> <p>Output Themes within categories for feedback Fit themes to UK LOM metadata standards</p> <p>Quality test EDLT consensus and UK LOM Core 0.1</p> <p>Inputs to WP2.3 Sub-themes spec</p>	<p>WP3.2.1 Learner interface preferences</p> <p>How Presentation of options and discussion with learners' focus groups</p> <p>Output Identification of preferences, desired features</p> <p>Quality test none</p> <p>Inputs to WP4.2.1 Create learner interface mockups</p>	<p>WP4.2.1 Create learner interface mock ups</p> <p>How Act on feedback from WP4.2 focus groups</p> <p>Output Learner interface mock up</p> <p>Quality test SHELL-FISH project team</p> <p>Inputs to WP4.4.1 Create learner interface</p>	<p>WP5.2 Agree record data specs</p> <p>How DC to liaise with GC to identify areas where SHELL-FISH can evidence SHELL's definitions of skills and competencies</p> <p>Output Definition of SHELL-FISH fields required for use in SHELL</p> <p>Quality test Output achieved</p> <p>Inputs to WP4.4.3 Database specification: user record//????????????</p>
<p>WP2.3 Sub-themes specification</p> <p>How Data capture from academics; review of existing packages</p> <p>Output - Themes within categories for feedback - Software spec for form and number of hierarchies for <i>themes database</i> - identify fields required for <i>themes database</i> - fit sub-themes to UK LOM metadata standards</p> <p>Quality test EDLT; Focus groups; UK LOM Core 0.1</p> <p>Inputs to WP2.4 Internal resources WP2.5 External resources WP4.3.1 Draft database specification: themes</p>	<p>WP3.2.2 Teacher interfaces preferences</p> <p>How Presentation of options and discussion with teachers' focus groups</p> <p>Output Identification of preferences, desired features</p> <p>Quality test none</p> <p>Inputs to WP4.2.2 Create teacher interface mockups</p>	<p>WP4.2.2 Create teacher interface mock ups</p> <p>How Act on feedback from WP4.2 focus groups</p> <p>Output Teacher interface mock up</p> <p>Quality test SHELL-FISH project team</p> <p>Inputs to WP4.4.2 Create teacher interface</p>	<p>WP5.3 Consultancy</p> <p>How NW (and DC) to liaise with SHELL/Phosphorix</p> <p>Output Identify SHELL-FISH data output required by SHELL (CSV or XML); Terms and costs of using Phosphorix translation manager.</p> <p>Quality test Achieving output</p> <p>Inputs to WP5.4 Implementation</p>
<p>WP2.4 Internal resources</p> <p>How Networking, ED, web searching, data mining, literature review</p> <p>Output - Identify required fields for <i>internal resource database</i> - Resources to be added <i>internal resource database</i> - Resources, use of which to be tracked - Resources to fit UK LOM metadata standards</p> <p>Quality test WP3.7 User feedback; UK LOM Core 0.1</p> <p>Inputs to WP4.3.2 Draft database specification: resources WP4.9 Populating resources</p>	<p>WP3.3 Annotated coursework design</p> <p>How Presentation of options to, and discussion with learners' and teachers' focus groups</p> <p>Output Identification of preferences, desired features and content</p> <p>Quality test none</p> <p>Inputs to WP4.2.1 Create learner interface mockups WP4.2.2 Create teacher interface mockups WP4.3.3 Draft database specification: user record</p>	<p>WP4.3.1 Draft database specification: themes</p> <p>How Take outputs from WP2.1, WP2.2 and WP2.3 and identify records and fields characteristics</p> <p>Output Draft themes database specifications document</p> <p>Quality test SHELL-FISH project team</p> <p>Inputs to WP4.5.1 Database specification: themes</p>	<p>WP5.4 Implementation</p> <p>How System testing</p> <p>Output Fully working system</p> <p>Quality test Achieving output</p> <p>Inputs to WP4.11 FMS Feedback Tool</p>

<p>WP2.5 External resources</p> <p>How Networking, ED, web searching, data mining, literature review</p> <p>Output - Identify required fields for <i>external resource database</i> - Resources to be added to <i>external resource database</i> - Resources to fit UK LOM metadata standards</p> <p>Quality test WP3.7 User feedback; UK LOM Core 0.1</p> <p>Inputs to WP4.3.2 Draft database specification: resources WP4.9 Populating resources</p>	<p>WP3.4 Learner work plan design</p> <p>How Presentation of options and discussion with learners and teachers focus groups</p> <p>Output Identification of preferences, desired features and content</p> <p>Quality test none</p> <p>Inputs to WP4.2.1 Create learner interface mockups WP4.2.2 Create teacher interface mockups WP4.8 Tracking work plan activity WP4.3.3 Draft database specification: user record</p>	<p>WP4.3.2 Draft database specification: resources</p> <p>How Take outputs from WP2.4 and WP2.5 and identify records and fields characteristics</p> <p>Output Draft resources database specification document</p> <p>Quality test SHELL-FISH project team</p> <p>Inputs to WP4.5.2 Database specification: resources</p>
	<p>WP3.5 Usability testing with learners</p> <p>How Testing scenario with learners</p> <p>Output Evaluation and data on use of FMS</p> <p>Quality test See output</p> <p>Inputs to WP3.7 User feedback</p>	<p>WP4.3.3 Draft database specification: user record</p> <p>How Use WP3.3, WP3.4 outputs to identify required records/fields. Add ability to get student data from UoP coursework database.</p> <p>Output Draft user record database specification document</p> <p>Quality test SHELL-FISH project team</p> <p>Inputs to WP4.5.3 Database specification: user record</p>
	<p>WP3.6 Usability testing with teachers</p> <p>How Testing scenario with learners</p> <p>Output Evaluation and data on use of FMS</p> <p>Quality test See output</p> <p>Inputs to WP3.7 User feedback</p>	<p>WP4.3.4 Draft database specification: modular record</p> <p>How .</p> <p>Output Draft user record database specification document</p> <p>Quality test SHELL-FISH project team</p> <p>Inputs to WP4.5.4</p>
	<p>WP3.7 User feedback</p> <p>How Use usability test data</p> <p>Output Evaluation of SHELL-FISH</p> <p>Quality test Result of evaluation</p> <p>Inputs to WP1 Final report</p>	<p>WP4.4.1 Create learner interface</p> <p>How Use PHP/MYSQL to create interface from WP4.2.1 and WP4.6</p> <p>Output Learner interface</p> <p>Quality test W3C XHTML validation tool; W3C CSS validation tool; PHP 5 - developed and validated using KOMODO editor</p> <p>Inputs to WP4.11 FMS Feedback Tool</p>
		<p>WP4.4.2 Create teacher interface</p> <p>How Use PHP/MYSQL to create interface from WP4.2.2 and WP4.6</p> <p>Output Teacher interface</p> <p>Quality test W3C XHTML validation tool; W3C CSS validation tool; PHP 5 - developed and validated using KOMODO editor</p> <p>Inputs to</p>

		<p>WP4.11 FMS Feedback Tool</p> <p>WP4.5.1 Database specification: themes How Act on output from WP4.3.1 Output Themes database specifications document Quality test UK LOM Core 0.1 Inputs to WP4.7.1 Create themes and resources databases</p> <p>WP4.5.2 Database specification: resources How Act on output from WP4.3.2 Output Resources database specification document Quality test UK LOM Core 0.1 Inputs to WP4.7.1 Create themes and resources databases</p> <p>WP4.5.3 Database specification: user record How Act on output from WP4.3.3 Output User record database specification document Quality test IMS LIP 1.0 Inputs to WP4.7.2 Create user record database</p> <p>WP4.5.4 Database specification: modular record How Act on output from WP4.3.4 Output User record database specification document Quality test</p> <p>Inputs to WP4.7.3 Create modular record database</p> <p>WP4.6 Document translation How Selecting language and developing script Output Translation of word document to xhtml 1.0 strict Quality test W3C XHTML validation tool; Inputs to WP4.4.1 Create learner interface WP4.4.2 Create teacher interface</p> <p>WP4.7.1 Create themes + resources databs How Design with MYSQL. When ready, take outputs from WP2 and refine fields. Output Databases for resources and themes</p>
