2 **SHELL-FISH Registration**

How/why/when – do we link with SHELL? Do modules register with SHELL-FISH?

What information do we need? (Reg no, module no. C/W no.). Should this be the same info as SHELL? – of so – how?

SHELL-FISH Annotated Coursework

Coursework uploaded: coursework1.doc

Date:18/10/04

Module: ABC102

Tutor: F.Flntstone

Student: John Smith

A sample piece of coursework**Abstract**

The SHELL-FISH project aims to deliver a learning support system by providing learners with a facility to obtain feedback, a development plan and a record of progress related to that feedback. [Teacher's](#) will have a feedback management system which will allow the accessing and updating of a learner's record of progress and previous feedback.

These user-facing tools support both lifelong learning planning and ePortfolio systems. SHELL-FISH will be a plug-in to the SHELL project, which is the leading inter-operability framework, working to UK LEAP and IMS LIP standardised data transfers. SHELL has already developed, tested and proven the technical infrastructure and the base Learner Record for distributed e-Lifelong Learning. The SHELL Project Director has been consulted and is fully supportive of SHELL-FISH. The SHELL-FISH plug-in will use the inter-operability features of SHELL whilst creating a pedagogically sound example of effective practice in learning, teaching and technology.

Introduction

This proposal seeks to develop and test an e-personal learning
